4. Discussion Items

- A. Athletic Co-Ops – Marc Thielman and Nicole Davis spent a lot of time working on this, but it came down to the fact we have too many kids between Alsea and Eddyville to remain a 1A school in OSAA. If we went forward, we would have to play as a 2A school, would play our current schedule and would not be eligible to participate in playoffs. Marc Thielman will recommend that we have our own team here. Nicole Davis talked about how our interest is up to about seven kids. Marc and Nicole talked about surveying the boys on Monday to see where their interest lays. Aaron Schneider mentioned that we need to make sure that we are checking that the interest is strong enough to keep the program track for a full season. Conversation continued around finding a way to excite the boys and get them involved.

Aaron Schneider talked about how the board and staff need to set the direction for our programs. We need to look at financial impacts, emotional and ability to follow through. Marc Thielman added that Philomath contacted us that they are open to a Co-Op for wrestling. Nicole Davis and Marc Thielman feel like this would be the best option for this year. This would allow us to offer the program this year and plan better for next year to have our own program. Curtis Chilcote brought up history of the program.

- i. Boys Basketball – General suggestion – have a program in Alsea. Co-oping with Alsea will not work due to size of the schools.
  - ii. Wrestling – Suggested path forward –co-op with Philomath for this year, plan for next year.
- B. Online Charter School – Marc Thielman has been checking with ODE about if we can sponsor an online charter school without putting our conversion district in jeopardy. Valiant would like to meet with members of the board, Marc Thielman and Katie Sapp.
