Drivers Education:

We will meet from 4:30 to 6:30

March 6,8, 13, 15,20, 22, April 3,10,12,17, 19,24,26, May 1, 3, 8

Students interested in track and Drivers Ed will be able to do both.

Cost is \$175 and if students are low income, they can qualify for a \$75 scholarship from ODOT. All I need is a letter from the office with the students name on it stating that they qualify for free and reduced lunch. That makes the class \$100 for the ones that get a scholarship. You can make payments if necessary as long it is arranged and paid for before the end of the training.

If we know any home school students that would benefit from this, please pass the information on to them. Students must be 15 and have their permit by the first day of class.

The activity bus will leave at 5:15 p.m. Students make sure to sign up for the activity bus EVERY DAY in Jackie's Office.
