To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Our goal at ACS is to ensure every student is treated with respect in a caring environment. Our staff takes the time to listen and learn about each of our students. We work as a team to make sure each student has what they need to feel safe in their learning environment. The students are supported not only by their teachers but by all staff.

CAREER & TECHNICAL EDUCATION

We are working on providing new opportunities to offer our students more diverse opportunities in CTE, including Agriculture and Welding. Our district is currently working on building a new Vocational Building on campus to house our CTE programs.

EXTRACURRICULAR ACTIVITIES

Alsea Charter School offers a host of extracurricular activities for students from grade school through high school. These offerings allow students to gain experience in areas of interest using community and school resources and students who have competed in different competitions at local and state levels have found success.

PARENT & COMMUNITY ENGAGEMENT

Parents and the community can be involved in the school through a variety of activities. We offer Parent/Teacher conferences, as well as opportunities for our parents and community to volunteer in our classrooms and on field trips. Weekly bulletins with school information are sent home and posted on our website and on our social media. Alsea has a booster club that is active in supporting our staff and students.
