

## ANNUAL ASBESTOS NOTIFICATION

TO: Parents/Guardians, Students, Teachers, Staff, and Support Groups

FROM: Keenan Elbers, Maintenance Director

RE: Annual Notification of Availability of Asbestos  
Management Plan and Update of Activities  
Alsea School District #7J

DATE: January 1st, 2024

On October 22, 1986, President Reagan signed into law the Asbestos Hazard Emergency Response Act (AHERA, Public Law 99-519). The law required the EPA to develop regulations that provide a comprehensive framework for addressing asbestos problems in public and private elementary and secondary schools. On October 30, 1987, EPA published the Asbestos-Containing Materials in Schools Rule (40 CFR Part 763 Subpart E). This new rule requires all school districts to inspect for friable and non-friable asbestos in school buildings, develop Management Plans that address asbestos hazards in school buildings, and implement response actions in a timely fashion.

One of the requirements of this law is to annually notify parents, teachers, staff, and support groups of the availability and location of the school building's Management Plan. The Management Plan for each school is in the building's Main Office, along with a duplicate copy located in the Program Manager's/Designated Person's Office. Also, please be advised that information regarding any inspections/re-inspections, surveillance, response actions, and post-response action activities, if performed, are also included in the Management Plan and available for your review.

Should you have any questions regarding this notification, please contact Keenan Elbers at (541) 487-5643 or by email at [keenan.elbers@alsea.k12.or.us](mailto:keenan.elbers@alsea.k12.or.us).
