Saturday, April 27, 2024

10 am High School Track Meet at Junction City

Our 6th graders are off and out to OUTDOOR SCHOOL this week! We will miss them here at school but are excited for all the fun experiences they are sure to have.

PRE-REGISTRATION is NOW open for 2024-25 School year! Check the website: alsea.k12.or.us & complete the forms there. You will receive an email confirming your registration request. Once registration officially opens, you will receive instruction on completing the *final* step. Registration is based on a first come, first served basis with priority being given to families who are currently enrolled. We are enthused about the upcoming year when our new CTE building will be complete and our hands-on learning experiences will be enhanced with the updated classroom! Share this PRE-REGISTRATION opportunity with your friends in our surrounding communities & encourage them to join us at [Alsea School where curiosity thrives and every learner gets the attention they deserve.](#)

Come on down to the front office of the school and take a look at the FANTASTIC metal & wood peg style wall hanging shelves that are available from our Metal and Shop Class. Under the supervision of Seth Stevens, our students can customize the shelf to your size needs. There are also over 20 styles available for the metal portion. The shelves are works of art! They would make terrific gifts for the upcoming Fathers Day/Mothers Day/Graduation seasons!

ON THE HORIZON:
